# the brand

We are a manufacturer and seller of women's ready-to-wear in the textile industry since 1980 in Istanbul.

We have been in the textile industry with 6 different brands from 1980 until today. With a decision you made in 2017, we aimed to unite all our brands by establishing Erasko Textile Industry and Trade Limited Company. During this period, we aimed to open up fully abroad to evaluate the experiences and gains we have gained in different markets.

As a company that acts with fashion in the rising value of women's clothing, we aim to meet your requests completely thanks to our high quality and product range. We can produce the requested products in high quality and in high quantity in all kinds of women's clothing with our expert staff...

# the collection

We offer elegant, timeless, and functional designs that reflect women's needs and styles. From everyday wear to special occasions, our collection combines elegance and comfort, complementing the modern woman's look.

- **Trousers:** Designs with impeccable cuts and high-quality fabrics, offering both elegance and freedom of movement.
- **Sets:** Versatile options like jacket-trouser, blouse-trouser, and shirt-trouser combinations for a powerful and sophisticated appearance.
- **Skirts:** Pieces that highlight feminine details with graceful touches, suitable for any occasion.
- **Jackets:** Designs that combine functionality and style, perfect for year-round use.
- **Shorts:** Comfortable and modern models that bring together style and ease, ideal for summer days.

Our collection is produced with the quality standards that reflect our expertise in ready-to-wear manufacturing. Additionally, we offer custom production services, creating and manufacturing products tailored to our clients' needs and demands.

With a focus on export-oriented production, we adopt a flexible approach that meets the diverse styles and expectations of global markets. We are a reliable and creative solution partner for private labels and individual customers alike.

Each of our products stands out for the attention to detail and professionalism applied throughout the production process. Our women's wear collection brings together style, quality, and functionality, promising to deliver the very best for you.

# NEW ARRIVALS

01

## JACKET

Combining elegance and quality, our striped twill fabric jacket is designed to complement modern women’s wear collections.

- Fabric Composition: Made from 65% polyester, 35% viscose, and 5% elastane, offering durability, breathability, and stretch for long-lasting comfort.

02

## DESIGN FEATURES

- Timeless two-button closure for a classic look.
- Subtle striped details add a touch of sophistication to any collection.
  - Modern, tailored fit suitable for a variety of body shapes.
  - Color and Size Options: Available in multiple colors and a wide range of sizes, catering to diverse customer needs.
  - Custom Production Capability: We offer custom manufacturing services for wholesale buyers, providing flexible solutions tailored to specific demands in fabric, color, and design.

With our expertise in export and wholesale production, our products meet high-quality standards and add value to your collections. The striped twill fabric two-button jacket offers a refined combination of style and functionality, perfect for your business needs.
